

## Information for prospective students

- Summer semester 2013 -

### Which requirements do I need to fulfill?

You need to hold a Bachelor degree (180 ECTS) or an equivalent university or college degree in an eligible major acquired at an authorized Austrian or foreign post-secondary educational institution. You can find examples of accepted Bachelor degrees in the [Curriculum](#). English skills at an academic level are a basic requirement. However, there is currently no need to present any English certificates. Acquired East Asian language skills are no requirement for admission. For more information on application requirements or processing of applications please **ONLY** refer to the **admission office** ([student point](#)). For general information on **semester fees**, please click [here](#).

### What do I have to do for my admission?

1. The **deadline for online registration** for the program is **February 5<sup>th</sup>**. Please register [here](#).
2. Please print and fill the application form and mail your duly signed application form and required documents. Please find the required documents for non- EU/EAA school leaving certificates [here](#) and for EU/EAA school leaving certificates [here](#).
3. **Note: The Admission procedure** might take up to **ten weeks**. Therefore, please arrange enough time! Send in the application form and the required documents **as soon as possible** to make sure you get the acceptance letter before April 30<sup>th</sup>.
4. **Personal admission** with acceptance letter is possible until **April 30<sup>th</sup>**. You need to pay your tuition fee in the course of your personal admission. Please find more information on the amount of fees [here](#). Please note that – although the deadline for admission ends April 30<sup>th</sup> – you should be admitted until the first days of March to make sure that you can register for courses (see below).

### When can I register for courses?

Courses start in the first week of March. In order to successfully start your studies, it is therefore important that you are admitted as early as possible and that you obtain information about deadlines of enrollment and dates of courses. You can find all of our summer semester courses in our [EcoS Course Outline](#). Only the section *15.04 A* is relevant for EcoS student. Please do not bother about section *15.04 B*. Besides information like title, type and content of classes, you can also find information concerning course lecturers, places and registration there.

Registration periods for EcoS Courses:

**First registration period: February 18. to February 28, 10 am**

**Second registration period: March 01 to March 07, 10 am**
